Verbal Boundary Description

Beginning at the intersection of W. Main Street and N. High Street, go north to the intersection of W. Hunter Street and N. High Street; turn east to the west property line of 166 W. Hunter; follow this property line north to the rear alley behind the property; turn east along this alley to N. Spring Street, then follow N. Spring Street to the intersection with Hill Street; turn east on Hill Street and continue to the intersection with N. Market Street; go north on Market Street to the north boundary of the Old Logan Cemetery; turn east along this north boundary to Mulberry Street; go north on Mulberry to Keynes Drive; turn west on Keynes Drive to the rear (west) property line of 507 N. Mulberry; go north along this line to the south property line of 511 N. Mulberry; turn west and follow this line to the alley; turn north on the alley to Jennison Avenue; follow Jennison Avenue to the first alley east of Mulberry Street; turn south along this alley to its intersection with the first alley north of E. Hunter Street; go east along this alley to its intersection with N. Orchard Street; then go south on N. Orchard to its intersection with E. Hunter Street; continue east on E. Hunter to the first alley east of N. Culver Street; go south along this alley to its junction with the first alley south of E. Hunter Street; go west along this alley to the rear property line of 50 N. Culver; follow the property lines of 50 N. Culver to the south and then west to the intersection with N. Culver; then go south on Culver to its intersection with the first alley south of E. Main Street; turn west along this alley to its intersection with S. Orchard; then go north on Orchard to the first alley north of E. Main Street; turn west on this alley to its intersection with N. Mulberry Street; continue south on N. Mulberry Street to the first alley south of E. Main Street; go east along this alley to its intersection with S. Walnut Street; continue south on Walnut Street to its intersection with E. Front Street; go west on E. Front Street to the west property line of 172 E. Front; go north along this property to the rear alley, then turn west to the east property line of 160 S. Mulberry Street; follow the east and south property lines of 160 S. Mulberry Street to the intersection with S. Mulberry Street; go north to the intersection with the alley to the south of E. Second Street; turn west and continue along the alley to the rear property line of 133 S. Market Street; go north along this line to the intersection with W. Second Street; then go west on W. Second to the intersection with S. Spring Street; turn north on Spring to the intersection with the first alley south of W. Main Street; go west along this alley to the first alley west of N. Spring Street; turn north along this alley to its intersection with W. Main Street; then go west on Main Street to the point of beginning.

Boundary Justification

The proposed boundaries represent the oldest developed portions of Logan that relate to the identified areas of significance (architecture, commerce, and settlement). In addition to historic significance, the district has been further defined by its current historic integrity. Although they fall within the area or period of significance, some buildings have been excluded from the proposed district due to loss of integrity on the adjacent streetscape. The residential area northwest of the proposed district maintains integrity, but has been excluded as it relates more closely to later neighborhood development than it does the early village development. It should be evaluated separately for its own significance and development.
